42 credits

# Music BA Curriculum

This track is intended for students interested primarily in creating music of any genre, acoustic or electroacoustic. A solid background in music history, music theory (including tonal harmony and 20<sup>th</sup>-21<sup>st</sup> century techniques) and musicianship is essential for composers, as is competence on an instrument or voice. Students will have the opportunity to hear their music read or performed by guest performers and ensembles as well as groups such as the University Orchestra. Students will develop their individual musical voices through close mentorship by faculty and will create a final portfolio of their compositional work.

## PREREQUISITE COURSE (must be completed prior to declaring the Music Major):

MUSIC 0100 – Fundamentals of Western Music – 3 credits

- Students must earn a letter grade of B- or better in this course in order to declare a Music Major or Minor
- Students may elect to take the Music Theory placement exam in lieu of enrolling in MUSIC 0100. A passing grade of 80% is required in order for the placement exam to meet this requirement.
